

New Solar Homes Partnership Training Workshops

Monday, October 22, 2012

9AM – 12:30PM

**Energy Education Center - Irwindale
6090 N. Irwindale Ave
Irwindale, CA 91702**

Wednesday, October 24, 2012

10AM – 4PM

**California Energy Commission
1516 Ninth Street, Hearing Room B
Sacramento, CA 94103**

Tuesday, November 6, 2012

10AM – 4PM

**Pacific Energy Center
851 Howard Street
San Francisco, CA 94103**

Friday, November 30, 2012

9AM – 12:30PM

**Energy Innovation Center
4760 Clairemont Mesa Blvd
San Diego, CA 92117**

The California Energy Commission, Southern California Edison (SCE), Pacific Gas and Electric, and San Diego Gas and Electric will be conducting four workshops on the New Solar Homes Partnership (NSHP) in October and November 2012. This is an opportunity for all interested parties to learn more about the NSHP and the changes to the program, the application process, and the NSHP online application tool.

The NSHP program is a ten-year, \$400 million solar program which provides incentives for the installation of photovoltaic (PV) solar systems on new, energy-efficient homes in California's investor-owned utility electric service territories.

This workshop will be taught by staff members of the California Energy Commission and will include information on the following topics:

- NSHP Guidebook, Fifth Edition
- Application and payment process, and required documents
- NSHP energy efficiency requirements
- NSHP Online Application Tool – submitting applications and payment claims electronically
- NSHP CECPV Calculator
- NSHP Application Clinic (for in-person attendees by appointment only)

Who should attend:

- Solar Contractors, Retailers and Installers
- Homeowners, Builders / Developers
- HERS Raters
- Energy Consultants

We strongly encourage interested parties to attend NSHP training workshops in person.

For those who are unable to attend in person, a WebEx online meeting service will be available.

Seating is limited and registration is required. The deadline to register is October 17 for the SCE training, October 22 for the Energy Commission training, October 31 for the PG&E training and November 23 for the SDG&E training. Please R.S.V.P. to the Renewable Energy Office by e-mail to [renewable@energy.ca.gov]. The following information should be provided when registering: Participant's name, company name, title, e-mail, and phone number. Please specify which event you would like to attend and indicate if you will be participating in person or through web conferencing.

An application clinic will be held during the last hour of the workshop for the full day workshops only. The application clinic will allow workshop participants to meet one-on-one with NSHP staff and discuss specific application issues. This application clinic is only available to those individuals participating in person. Space is limited and an appointment must be scheduled when signing in at the event. There will be appointment sign-up sheets available at the beginning of the workshop.
